

De'Longhi

Milk based beverages

With your new De'Longhi Bean-to-Cup Espresso and Cappuccino machine, you can enjoy the taste of real Italian coffee at home, choosing from a wide selection of standard recipes*:

** (One-touch drink options available depending on the model: see instruction booklet)*

Are you a demanding coffee drinker? . . . ►

Are you a demanding coffee drinker?

Did you know you can customise any pre-set recipe on the machine to your own personal taste?

Need a stronger or a milder aroma?

1. Simply and quickly use the coffee strength selector .
2. Adjust the grinder one click whilst grinding to change the strength.

Prefer a shorter or a longer coffee?

Simply and quickly use the coffee quantity selector .

Desire a creamy, dense cappuccino or a smooth, flat, hot milk?

Adjust the froth setting on the carafe and programme the quantity of milk.

Tailor and programme your favourite recipes available anytime at the touch of a button.

Customising your drinks has never been easier! *

** (Always refer to the instruction manual before using the machine)*
